Consent to treat:

I, acting as a guardian to the above patient, hereby give consent for the above patient to receive medical evaluation and treatment by the provider's at Desert Shores Pediatrics. I assign all benefits and payments from my insurance company to be paid directly to Desert Shores Pediatrics. I understand that if for any reason my insurance company does not make payments, I am responsible for all services.

Signature: _____ Date: _____

OFFICE POLICIES

We make every attempt to ensure that all services are compatible with your special insurance requirements. However, all policies have different benefits. The insurance company informs all participants that it is ultimately their responsibility to know and understand their policy. We do not have the capability to know each individual policy as it varies per patient. We cannot guarantee that all services will be covered. It is your responsibility to verify benefits and coverage information prior to having any services rendered.

Insurance companies require that we submit all claims within a specified time limit. We do our best to follow all guidelines set forth by your insurance company. However, if your insurance changes and you fail to inform us, we may be unable to bill the appropriate company within these time limits. A denial from the previous insurance company is the only way we know that the insurance has changed. Denials are generally not generated until after the filing deadline. If you do not notify us and your insurance company decides not to pay, you will be held responsible for payment of these services. Please notify us of any changes to your insurance, address or phone number immediately; ultimately, you will be responsible for this bill.

You will be responsible for payment of all services if any of the following circumstances apply:

- If you do NOT have insurance.
- If you are with an insurance company that we are NOT contracted with or
- If your insurance company denies your claim for any reason that is not resolvable.

PAYMENT (COINSURANCE/DEDUCTIBLE OR COPAY) IS EXPECTED ANY TIME A SERVICE IS PROVIDED UNLESS PRIOR FINANCIAL ARRANGEMENTS HAVE BEEN MADE. WE ACCEPT CASH, CHECKS AND MAJOR CREDIT CARDS. CHECKS DRAWN ON INSUFFICIENT FUNDS WILL INCUR A \$25.00 CHARGE.

Based on American Academy of Pediatrics Bright Futures Guidelines, DSP recommends ANNUAL well child checks for all children 2 years and older. Preventative care is of utmost importance to your child's health. Therefore, if your child has not been seen for wellness care in over 2 years, the patient will come under review by the practice. We may be unable to refill medications, fill out requested forms, or fulfill other parental requests.

Neither patients, caregivers, nor their visitors are allowed to take pictures or videotape using their cell phones and/or other electronic devices to protect the privacy and confidentiality of our patients.

We kindly ask for at least 48 hours to complete any necessary paperwork for your child.

At times, you may send or bring in pictures of your children and family. We love to display these photos but we need your permission to do so. You can opt out at any time. Please initial: Yes _____ No _____

We may ask to take a photo of your child to be included in their confidential medical record to be used for identification, security or clinical purposes only. We need permission to do so. Please initial: Yes _____ No _____

Our staff will be happy to answer any questions you may have in reference to our office policies. We appreciate our Desert Shores Pediatrics patients and families.

OFFICE POLICIES

Please initial to acknowledge:

_____ Any appointment NOT scheduled in our normal office hours of Monday through Friday 8:00 am to 5:00 pm is subject to an additional \$15.00 **after-hours** charge that will be billed to your insurance. If insurance does not cover this charge, you will be held responsible for payment.

_____ If you have multiple concerns, chronic conditions to discuss, or an acute illness that you would like addressed during a well care visit we are happy to accommodate these concerns! If these services are rendered together at the same visit, it may result in both the standard well visit charge plus an additional office/sick visit charge. We take the comprehensive care of our patients very seriously. It may require a return visit to address these ongoing and chronic conditions so that the proper time and care can be given. Coverage for these services, if rendered together, varies greatly among insurance companies. Please check with your insurance company regarding how they pay for these services on your behalf. You will be financially responsible for any services not covered by your insurance.

_____ There will be a charge for missed appointments or appointments not cancelled 24 hours in advance based on the appointment duration and complexity of visit concerns. Fees are as follows: \$20.00 for a 10 minute visit, \$40.00 for a 20 minute visit, and \$75.00 for a 30+ minute visit. It is important to notify us as soon as possible if you are unable to make an appointment.

What is the best number we can call for appointment reminders? _____ Cell _____ Home _____

Is it ok to text your cell phone for appointment reminders? Yes _____ No _____

What is the best number we can call to give lab and/or test results (if different than above): _____

Is it ok to leave a detailed message regarding confidential information (i.e. lab and test results): Yes _____ No _____

Alternate Caregiver Consent Form

I authorize the following individual(s) to bring my child(ren) to their appointments:

Name: _____ Relationship to child: _____
Name: _____ Relationship to child: _____
Name: _____ Relationship to child: _____
Name: _____ Relationship to child: _____

I attest that the above-named individuals are all 18 years of age or older as of this date.

I authorize the above-named individual(s) to consent to treatment for my child(ren). This may include but is not limited to consent for all necessary medications, immunizations, procedures, and hospitalizations. Desert Shores may relay any medical information, including protected health information (PHI) about my child that is necessary for the above names individual(s) to provide informed consent.

I understand that the provider will communicate his/her findings and treatment plan to the caregiver who brings the child and under most circumstances a follow-up call to us should not be necessary. I agree to be responsible for any fees for service requested by the above named individual(s) when permitted by my insurance carrier.

I agree to hold Desert Shores Pediatrics and its staff harmless for any disagreement between the above-named individuals and myself regarding treatment decisions.

I attest that I am the parent or legal guardian of the following child(ren) and that I have the legal authority to consent to this agreement. I understand that I can revoke this authorization for any or all individuals at any time. I understand that authorization cannot be revoked retroactively for treatment already provided. This alternate caregiver consent will remain in effect and will **not expire** until authorization has been revoked.

Children covered by this consent (please list child's full name):

Desert Shores Pediatrics Policy Statement on Immunizations

Desert Shores Pediatrics strongly believes in the effectiveness of immunizing children to prevent serious and life-threatening illnesses and certain types of cancer. We firmly recommend all infants, children and adolescents receive all recommended vaccines according to the schedule published by the American Academy of Pediatrics and Centers for Disease Control. These schedules are continually studied and revised by experts in many fields of medicine, including immunology and public health.

Vaccinating children against a multitude of infectious agents is the most important health intervention of the 20th century. The recommended vaccines and the schedule by which they are given are the result of years of scientific study and data gathering on millions of children by thousands of our brightest scientists and physicians. We fully believe, based on all available data, scientific literature, current studies and evidence-based medicine, that vaccines do not cause autism or developmental disabilities.

Vaccinating children and young adults may be the single most important health-promoting intervention we perform as healthcare providers and that you can perform as parents/caregivers. Vaccines, in some respect, have become a victim of their own success. Many people have never seen a child with whooping cough, polio, tetanus, bacterial meningitis, measles, or even chicken pox. Choosing not to vaccinate is refusing one of our strongest recommendations to protect children and prevent illness.

In general, public support for the United States vaccine program remains overwhelmingly strong. However, not vaccinating your child or vaccinating your child according to your personal vaccine schedule is putting your child and other children at risk. Children who are not vaccinated are at a much higher risk of catching a vaccine preventable disease and may be contagious even before they show symptoms. This puts everyone, but especially infants or immunocompromised children, at risk.

Additionally, we are an international country with people traveling in and out daily from around the world. Children who are unvaccinated could be exposed to travelers with vaccine preventable diseases like measles, mumps, rubella, chicken pox, whooping cough, polio, haemophilus and pneumococcal illnesses including meningitis. This exact scenario is what led to the 2019 outbreak of measles across the United States. These preventable outbreaks resulted in countless sick children and adults as well as an incredible amount of time and money for health departments to contain the outbreak. Not only can unvaccinated children easily contract these diseases, but they can then expose partially vaccinated younger children resulting in significant disease, disability, or death. Not vaccinating or partially vaccinating puts your child and those around you at risk for these preventable diseases.

As your child's health care provider, we at Desert Shores Pediatrics would never recommend immunizations for your child that we would not be willing to give to our own children. As medical professionals and your trusted partners in the care of your children, we feel strongly that vaccinating on schedule with currently available vaccines is the right thing to do for all children and young adults. We will continue to recommend vaccinating based on the CDC immunization schedule and will address this at all visits, regardless of the family's desire to immunize. Families who continue to refuse vaccinations will still be required to attend all recommended well visits and sign both our vaccine policy and vaccine refusal forms. Please feel free to discuss any questions or concerns you may have with any of the health care providers at Desert Shores Pediatrics.

Desert Shores Pediatrics Immunization Policy

Please review the Desert Shores Pediatrics Policy Statement on Immunization which can be found on our website and/or a copy can be provided to you in the office.

Educational Resources regarding vaccine recommendations and safety can be found on our website at <http://desertshorespediatrics.com/immunizations.php>

Desert Shores reserves the right to discharge families from our medical care for noncompliance with medical recommendations including, but not limited to, failure to be seen for routine well care visits as recommended by the American Academy of Pediatrics. This schedule can be found on our website at <http://desertshorespediatrics.com/wellness.php>

If your child is under-immunized for any reason it is your responsibility to ensure that all medical providers (including urgent care and emergency room medical personnel) and daycare/schools are informed regarding your child's immunization status. Lack of protection from vaccine preventable diseases often warrants more detailed and extensive evaluation and puts other patients at risk.

Our providers are happy to discuss immunizations and our policy with you – just ask!

Please acknowledge and sign below that you have been provided the opportunity to review our Policy Statement on Immunization and are aware that recommended vaccines will be discussed regardless of the parent/guardian's desire to immunize.

Patient Consent for Use and Disclosure of Protected Health Information

I understand that as part of my child's health care, Desert Shores Pediatrics originates and maintains health records. These records describe history, symptoms, examination and test results, diagnoses, treatment, and any plan for future care or treatment.

I have been provided with the Notice of Privacy Practices that describes use and disclosures of my child's Protected Health Information (medical records). I understand that I have the right to review the notice prior to signing this consent.

With my consent, Desert Shores Pediatrics may call (including leaving voice mail messages), mail, text or email regarding items that assist the practice in carrying out treatment, payment, and health care operations, such as appointment reminders, laboratory results, and insurance items.

I understand that Desert Shores Pediatrics has the right to change the terms of its notice and practices. The changes will apply to all health information about your child. The new notice will be available in our office and on our website.

I understand that I have the right to request restrictions as to how my child's health information may be used or disclosed to carry out treatment, payment, or health care operations and that Desert Shores Pediatrics is not required to agree to the restrictions requested. I understand that I may revoke this consent in writing, except to the extent that Desert Shores Pediatrics has already taken action. If I do not sign this consent or revoke it, Desert Shores Pediatrics may decline to provide treatment to my child.

I acknowledge that I received and read the Notice of Health Information Practices. I understand that Desert Shores Pediatrics participates in Health Current, Arizona's Health Information Exchange (HIE). I understand that my child's health information may be securely shared through the HIE, unless I complete and return an Opt-Out Form to my healthcare provider.

I fully understand and I consent to Desert Shores Pediatrics' use and disclosure of my child's Protected Health Information to carry out treatment, payment, and healthcare operations.
